## Summary Comments:

Loan 6 (Oriel Property), This loan remains in Special Servicing due to continuing payment defaults at the Whole Loan level relating to the unpaid additional amortisation. The loan is current at the securitised level due to the operation of the post default payment waterfall which allows for all amounts of amortisation due to the A Lender to be paid ahead of interest and principal to the B Lender. Following the sale of two properties during the last quarter the whole loan and securitised balance has reduced by $£ 6.065 \mathrm{~m}$. All proceeds were applied in reduction of the securitised loan in accordance with the post default payment waterfall.

Loan 4 (Carlton House), This loan remains in Special Servicing and the Servicer continues to monitor and control all property related cash flow. Loan 3 (Kirkglade) and Loan 5 (Fern) remain on the Servicer Watchlist due to continuing LTV covenant breaches

DSCR is calculated on the basis of NOI as ratio to Debt Service on securitised loan. (The interest cost EXCLUDES any financial benefit/cost relating to Interest Rate hedging arrangements). The low interest rate environment that presently exists accounts for the improvement in the ratios.
